"When I was 5 years old, my mother always told me that happiness was the key to life. When I went to school, they asked me what I wanted to be when I grew up. I wrote down 'happy'. They told me I didn't understand the assignment, and I told them they didn't understand life." - John Lennon

"Discovering more joy does not, I'm sorry to say, save us from the inevitability of hardship and heartbreak. In fact, we may cry more easily, but we will laugh more easily, too. Perhaps we are just more alive. Yet as we discover more joy, we can face suffering in a way that ennobles rather than embitters. We have hardship without becoming hard. We have heartbreak without being broken." - Archbishop Desmond Tutu, The Book of Joy

It's hard to pinpoint any one person when I consider who to thank. High school is a time of so many firsts academically, athletically, and socially, and definitely has its ups and downs. To every coach and teacher I've had, pushing me to do my best; to every friend I've had throughout the years, even if we're not still friends you shaped my life in important ways; to my current friends, getting me through this extremely stressful time; to my family, Mom, Dad, and Henry, who have been there for me in everything since day one; thank you all. You are my sunshine, My only sunshine. You make me happy when skies are gray. You will always know, how much I love you.
I love you more than yesterday.
Go out and make this world a better place.
Thank you for being you!

Love Mom and Miranda (and all the pets!)

Madison Halatsis

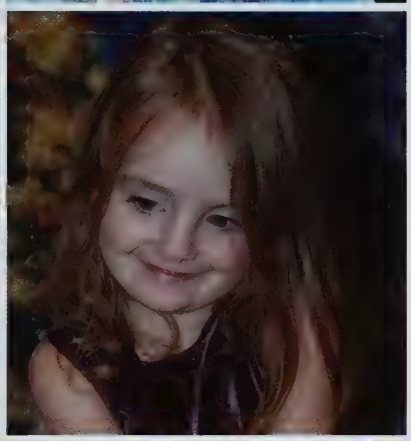

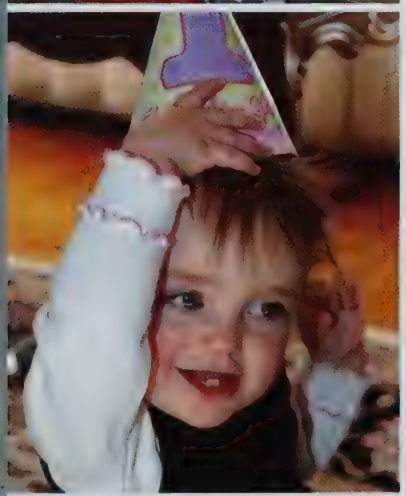

This is the beginning of a new day. You have been given this day to do as you will. You can waste it or use it for good. What you do today is important since you are exchanging a day of your life for it. When tomorrow comes, this day will be gone forever. In its place is something you have left behind.
Please let it be something good and awesome!
Love Mom and Miranda (and all the pets!)
